A. PROGRAM DESCRIPTION

Executive Summary
The Public Affairs Office in the Public Affairs Section of the U.S. Embassy Port of Spain of the U.S. Department of State (hereafter referred to as “PAS POS”) is pleased to announce an open competition for assistance awards through this Notice of Funding Opportunity (NOFO).

The purpose of funding projects under this NOFO is to further contributions to economic growth and the development of human and government capacity in Trinidad and Tobago, while developing people-to-people, institutional, and economic ties between the United States and Trinidad and Tobago. We also aim to increase understanding of and support for U.S.-Trinidad and Tobago relations and American values and policy among the Trinadadian and Tobagonian public. To this end, proposals should address the requirements as stated below:

PAS POS’s Program Areas in Trinidad and Tobago:

- Strengthen local institutions to build long-term, self-sustaining relationships and institutional linkages between U.S. and Trinidad and Tobago organizations, including capacity building support for organizations working in the areas below.
- Enhance community engagement through positive messages and tolerant perspectives that confront drivers leading to recruitment into violence and violent extremism.
- Empower civil society and media to strengthen diversity, rule of law, transparency, and minority rights.
- Contribute to economic growth, opportunity, and good governance.
- Build critical thinking skills throughout Trinidad and Tobago society.
- Expand Media’s ability to confront disinformation, non-transparency and corruption by building investigative journalism capacity and other skills.
- Increase tech skills in photography, filmmaking, app creation, and makerspace initiatives.
- Demonstrate shared values between the United States and Trinidad and Tobago, to build respect and trust, and increase effective communication, especially concerning disaster response.
- Mitigate gaps in knowledge, health services, and education caused by COVID-19 through innovative messaging campaigns using techniques such as animation, creating virtual platforms, and mobilizing community resources.

More information about the Public Affairs Section can be found at: https://tt.usembassy.gov/education-culture/
Project Objectives
Programming funded under this NOFO will help to strengthen ties between the United States and Trinidad and Tobago through programming that highlights shared values and promotes bilateral cooperation. To that end, all programs must include an American element or connection with American expert/s, organization/s, or institution/s in a specific field that will promote increased understanding of U.S. policy and perspectives. Proposals must include a clear plan to measure and evaluate the impact of the program; proposals that fail to include a monitoring and evaluation plan will not be considered. Preference will be given to proposals that include target audiences outside the urban centers of Port of Spain.

Participants and Audiences
In deciding which projects to support, the Embassy will consider the full range and diversity of Trinidadian, Tobagonian and U.S. organizations. The Public Affairs Section will also seek to target geographically and demographically diverse audiences throughout both islands.

American, Trinidadian and Tobagonian individuals and institutions with a proven track record of executing superior cultural and educational events and programs will receive preference. New grantees will generally be given priority over previous grantees. Preference will be given to proposals that demonstrate the long-term sustainability of the project and that include some form of cost-sharing with the partner institution(s) and private-sector engagement that will allow the programs to become sustainable in future iterations. Strong proposals will include impact assessment, in addition to results/evaluation, at the conclusion of the grant period.

All proposals should:
- Describe the required involvement of American participants, expert/s, organization/s, or institution/s.
- Explain how programs and activities will be monitored and evaluated, including developing performance indicators. Indicators should include baselines, targets, descriptions of data collection instruments, such as surveys of participants, and information on when results will be reported to the Public Affairs Section. Monitoring should be conducted at various points throughout the life of the program and after its completion to allow for course correction and measuring long-term impact.
- Enumerate specific outputs and outcomes to be achieved by the end of the grant period.
- Address how the project will contribute to one or more of the project objectives listed above.
- Clearly specify the audiences to be reached and the geographic locations of program activities. Programs proposed in multiple locations should explain how that will be accomplished. Grantee must demonstrate capacity to implement activities in locations and with audiences proposed.
- Describe how elements of the project will have a multiplier effect or be sustainable beyond the life of the grant.
- Include a traditional and/or social media plan for marketing or advertising program activities and outcomes.
- Demonstrate competency to manage all financial and oversight aspects of the project, including participant costs and transparent arrangements of sub-grant relationships.
with partner organizations, if applicable.

The Public Affairs Section will not support the following activities or expenses under this funding opportunity:

- For-profit trade activities
- Commercial projects
- Scientific research
- Projects whose primary aim is the institutional development of the organization
- The purchase of space or buildings in support of program activities
- Development projects
- Construction projects
- Individual travel to conferences
- Scholarships to support educational opportunities or study for individuals*
- Completion of activities begun with other funds
- Fundraising or fund development projects
- Projects that are inherently political in nature or that contain the appearance of partisanship/support to an individual or single party in electoral campaigns
- Political party or lobbying activities in support of political parties
- Projects that support specific religious activities
- Cash prizes for competitions

### H. OTHER INFORMATION

**Guidelines for Budget Justification**

**Personnel**: Describe the wages, salaries, and benefits of temporary or permanent staff who will be working directly for the applicant on the program, and the percentage of their time that will be spent on the program.

**Travel**: Estimate the costs of travel and per diem for this program. If the program involves international travel, include a brief statement of justification for that travel.

**Equipment**: Describe any machinery, furniture, or other personal property that is required for the program, which has a useful life of more than one year (or a life longer than the duration of the program), and costs at least $5,000 per unit.

**Supplies**: List and describe all the items and materials, including any computer devices, that are needed for the program. If an item costs more than $5,000 per unit, then put it in the budget under Equipment.

**Contractual**: Describe goods and services that the applicant plans to acquire through a contract with a vendor. Also describe any sub-awards to non-profit partners that will help carry out the program activities.
Other Direct Costs: Describe other costs directly associated with the program, which do not fit in the other categories. For example, shipping costs for materials and equipment or applicable taxes. All “Other” or “Miscellaneous” expenses must be itemized and explained.

Indirect Costs: These are costs that cannot be linked directly to the program activities, such as overhead costs needed to help keep the organization operating. If your organization has a Negotiated Indirect Cost Rate (NICRA) and includes NICRA charges in the budget, attach a copy of your latest NICRA. Organizations that have never had a NICRA may request indirect costs of 10% of the modified total direct costs as defined in 2 CFR 200.68.

“Cost Sharing” refers to contributions from the organization or other entities other than the U.S. Embassy. It also includes in-kind contributions such as volunteers’ time and donated venues.

Alcoholic Beverages: Please note that award funds cannot be used for alcoholic beverages.

Fly America Act Restrictions: All Federal Government-financed international air transportation must be accomplished by U.S. Flag air carriers or U.S. code sharing to the extent that service by those carriers is available. For information on other "open skies" agreements in which the United States has entered, please refer to GSA's website at https://www.gsa.gov/policy-regulations/policy/travel-management-policy/fly-america-act

Security: The safety and security of all participants and activities under this project are the sole responsibility of the award recipient. We also require award recipients to notify the Public Affairs Section in advance when U.S. citizens are traveling to Trinidad and Tobago.

U.S. citizens who travel to Trinidad and Tobago are encouraged to enroll in the Department of State's Smart Traveler Enrollment Program (STEP) available at: https://step.state.gov/step/ . Enrollment enables citizens to receive security-related messages from the Embassy and makes it easier for us to locate you in an emergency. The Embassy also recommends that all travelers review the State Department's travel website at travel.state.gov for the Worldwide Caution, Travel Warnings, Travel Alerts, and Trinidad and Tobago Country Specific Information.
